

Case Study

S₂'s market-leading risk management deliver solutions help to take Rivenhall to the next level.

“

The use of RiskWise allows Rivenhall to actively, easily and continually monitor the Health and Safety compliance across all our clients' investments.

We're typically able to report 100% compliance levels.

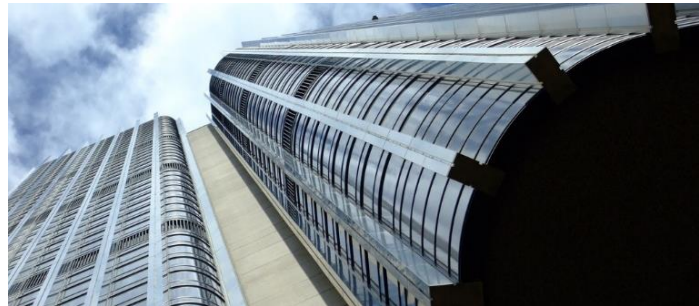

The beauty of RiskWise, and the dedicated consultants and client account managers, is that where 100% compliance may not be achievable, (be it time constraints, costs, client approval being required), an honest and realistic approach is taken, with helpful advice as to how to achieve full compliance. This level of input was not provided by other Health and Safety Advisors we've used in the past.

”

“

Rivenhall uses RiskWise across the entire management portfolio. Not only do the web-based, real-time management and reporting abilities make for easy work wherever you may be, it also allows Rivenhall to consistently report on actual, here and now, compliance to all of our clients.

”

Rivenhall can be contacted on 0207 432 7060 or darren@rivenhall.london.

About The S₂ Partnership

The S₂ Partnership has been providing specialist Health, Safety, Fire & Environmental risk management to the commercial property sector since 1999.
